A HUMOROUS DESCRIPTION OF PATENT LIFE.

In a civil case a few years ago, involving a critique of inventions, new and old, foreign and American, Oakey Hall, a prominent New York lawyer, in the course of his summing up, gave the following universal exposition of how a citizen may exercise daily life under this age of invention:

"He arouses at the awakening of a Yankee alarm clock, to throw open the outer shutters by pressing an inner spring. The vapors of sleep pleasantly disappear before the perfumes which chemical skill has translated from a score of *parterres* to his toilet-table. Dentists have sent him a coral reef of tooth-paste for his sleep-parched mouth; or, if he be a man of middle age have enabled him to ring the bell, 'bidding the waiter bring him a fresh auroplastic masticator.' Majestic hair-brushes electrify his ambrosial locks. A beard of hereditary stubbornness yields to the seductive approaches of dainty creams. Pliant bathing utensils invite the ablutions prized of 'gods and men." He attires himself in linen, glossy from patent mangles, smoothed by patent sad-irons, and buttoned with self-adjusting clasps. Anti-consumptive suspenders are cased beneath a vest with an elastic back. Seamless slippers have coaxed his feet, and a gas stove, lighted by electricity, has warmed his dressing-room, upon a raw morning, to the temperature of May.

Descending to the breakfast room, the Hebe of the apartment has taken the silver from the ornamental safe, and spread it upon the magical extension table. The meal is prepared. Positively the very newest coffee pot has supplanted the old Parisian toy. The butter has been winner in a 2:40 heat, under pressure of an air pressure churn. Soapstone warmers embrace the Yankee plates. The eggs for the omelette, after having been proved in the detector, or *oonoscope*, having been beaten by the elliptic whirligig; or they were poached into the novel drop, and are to be beaten from Columbian glass, that need not blush beside Bohemian or Venetian. Condensed milk has amicably mingled with prepared cocoa, to be drank from cups decorated within a mile of the residence. The beef steak has arisen from its procrustean bed of late invention. The bread has been kneaded by machinery, and baked in a patent oven. Steam had packed the flour barrels and made the staves. Marvellous mill power had presided at the grinding and bolting. The grain was reaped, and threshed, and fanned by three varied combinations of steam, that the season previous, by still another form, had puffed through furrows over the hills and far away.' His breakfast over, Betty usurps with the patent carpet sweeper. He retired to a library easy-chair that would have comforted a martyr fresh from the inquisitorial rack. There he consults the Beaumont barometer, and settles down to read a newspaper sheet whose fabric, a week before, was of cellar ropes, and which, while he was that morning playing the part of the Proverb sluggard, had been born in one hour, with ten thousand brethren, over the Hoe press.

"Soon, preparing for the rainy day, he buttons about him an India-rubber coat. Adjusting his gutta-percha soles, he walks noiselessly through his hall of Vermont tile, with the walls white from new applications of the liquefied quartz, to turn the safety lock of the front door that is closed by operation of an invisible spring; or he enters his Concord buggy, pulling over his knees the lap robe that successfully imitates the skin of the leopard, to be driven over streets that a combination of mechanical skill has swept over night; or he hails the omnibus with the patent step, or beckons to the car with the last ventilation and passenger 'registration,' that passengers of all politics agree to be perfectly constitutional.

"Arrived at his place of business, a new stove glows honest welcome in his office (and, thanks, to the new ash-sifter, no gaseous vapors.) Paper weights, poetical with art-tracery, confine the morning's mail of epistles, covered by adhesive envelopes of the invisible ruling. His penmanship is confused with the stock of patent pens, and patent pencils, and patent inkstands. As the correspondence is answered, a copying-press preserves it for after years of reference, and the epistle from abroad sleeps between the sheets of the gum-arabic letter-book. His ledgers, ruled by machinery, invite his inspection with their flexible backs. Payments enter the money-drawer in bills, whose colorable devices laugh the counterfeiter's art to scorn. Seated in rotatory office-chairs, he holds electrical converse with distant correspondents over the exchanges of a dozen cities.

"Walking homeward to the dinner, he hears a cry of fire. He laughs as he thinks of the steam-engine on the next block, and thinks he will get up a new insurance company, by way of relaxation. Relaxation and the fire bring thoughts of the juveniles at home and of the promised presents; so, entering some 'National Bazaar,' he heaves a sigh over the toy-barrenness of his boyhood, and grows distracted amid the philosophic trinkets. He enters the domestic circle, to hear the grateful music of the sewign machine, over whose purchase were held thirty family councils—corresponding to the numeral choice. Beside it sits grandmamma, with new periscopic spectacles, investigating the mysteries of a knitting-machine. In the corner 'Tom' is reading, as a thing of the past, 'Thomas Hood's Song of the Shirt!' Not far off, a daughter forces him to acknowledge, in her quiet delight, that since the United States Government have taken up the proper cudgels of morality, no home is complete without the stereoscope. Wifely whispers are heard concerning incredible discoveries in the outskirts of fashion and crinoline labyrinths, or asking for the new state globes and the patent orrery for the school-room.

"But, hark! the dinner-bill; not that Fejee tom-tom of the last century, but one like lovers' tongues at night, silver sweet. It summons the household to a meal whose aroma of food is caught by patent process over the new range—to a meal where vegetables (can preserved) mock the season—to a board where India-rubber knife-handles, and gutta-percha napkin-rings defy their juvenile owner's habits of slovenliness—to the *buffet*, where Yankee or Western wine is to be drank from bottles corked by machinery—to a meal where the flies, still buzzing in the temperate zone of the dining-room, enter, one by one, the basket of the clock work guillotine on the mantel.

"When the meal is finished, he retires to a game of billiards on a Yankee table, with the new billiard register presiding over patent cues and maces.

"Take a last look before bedtime at the favorite pantry, no more inhabited by the house-beetles that once poured forth, like an army of household Goths and hearth-stone Huns, to vandalize the larder, he places on the doors the burglar guard and examines his patent pistol. Soon, on an elliptic or hydrostatic mattress, beneath a flexible canopy, in a bedstead, scrolled by machinery and carved by steam, he falls to sleep, to awaken again to some new daily wonder."

THE WORST.—Olive Logan says the worst slavery is waiting to be married to have one's board and lodging paid.

THE UNION PLATFORM.

The Union Party of the State of California, in Convention assembled, hereby present to the people of this State their platform and declaration of party principles:

Resolved, That in the present, as in the past, we are irreconcilably opposed to treason and to traitors, whether the same shall attempt to subvert our Union and control our Government by fraud and treachery from within, or force from without; and that upon the loyalty of the Nation, tried and proven, we rely to re-establish firmly and forever the bonds of our National Union.

Resolved, that in reconstructing the nation its foundations should be justice and its architects loyalty, and we are unwilling that those so active to destroy, should be the chosen and preferred builders to erect it, and until it shall appear that in the States lately in rebellion loyal Committees exist capable and ready to administer justice and enforce law in accordance with the principles of a government of freemen and equality, it is our wish that the Government be administered and the law enforced by the loyal agents of the Federal Government.

Resolved, That in the reconstruction plan of the late Congress we recognize a policy as wise as it is magnanimous, and when the respective States late in rebellion shall bring themselves within its provisions, we will welcome them as sisters and receive them as equals in a reconstruction Union.

Resolved, That we deem the passage by the Legislature of a law establishing eight hours labor as a legal day's work, eminently just and proper.

Resolved, That the importation of Chinese or any other people of the Mongolian race into the Pacific States or Territories, is in every respect injurious and degrading to American labor, by forcing it into unjust and ruinous competition, and as evil that should be restricted by legislation and abated by such legal and constitutional means as are in our power.

Resolved, That the future primary elections of the Union party in this State should be held under the provisions of the primany election law, and that such test should be prescribed and enforced as shall exclude all persons not members of the Union party.

Resolved, That we fully approve the amendment to the Constitution of the State, presented by the Legislature of 1866, and providing that the Legislature shall have no power to make an appropriation of money for any purpose whatever, for a period longer than two years; that the same should be accepted by the Legislature, adopted by the people and become part of the Constitution of the State.

The Florence was awarded the first and highest premium at the State Fair of California, the only Fair on the Pacific coast at which any two double thread Sewing Machines were exhibited in competition in 1865.

The Florence received the only premium awarded, by the Mechanic's Institute of San Francisco, in 1864 and 1865, to any Sewing Machine, Sewing Machine Co. or Agent. The claim of a competitor to a medal is without any foundation whatever.

Wherever the Florence has been brought in competition with other Sewing Machines, it has always been declared the best. It is the most simple, the most substantial, the most efficent, and its use is easily learned. Every Machine sold is guaranteed in the full sense of the word.

AT IT AGAIN.

The old virus has broken out of Andrew Johnson once more. As he cannot reconstruct the South, he is trying his hand upon the Cabinet and the Southern commanders. The Eastern papers tell us the impeachment party is growing fast. The damage he can do will be comparatively little, while he may accomplish much good by stirring up the Union masses to greater diligence and harder work, both in the State elections this Fall and in preparation for the Presidential election next year. He is the thorn in the nation's side to remind us of the necessity of renewed vigilance. It is charged by some that he means to kill off Grant, and has ordered him into the Cabinet, and is making the changes among the generals for that purpose. As he has been the agent of Providence in getting us into the right way of managing the rebel regions, he may be so in leading us to the choice of a better candidate for the Presidency than U. S. Grant. One lesson he has thoroughly taught the American people, and that is, to be as careful in the selection of Vice President as of President. If he can now help us to be rid of negative mediocrity, and drive us to the choice of an able ultra-Radical statesman, he will be a famous "blessing in disguise." While the people are intelligent and devoted to securing justice in all the affairs of the government, all will be safe.

PIC-NIC.—The College of California has completed its Water Works, and celebrated the event last week by a pic-nic. The works are ample for the present and future wants of a large number of people. The President of the College Water Company, Hon. J. W. Dwinelle was excused for being absent as he was away "serving his country on the stump." Rev. J. A. Benton, one of the trustees, called the meeting to order, and regretted this, as the President was the better judge of friends. Speeches were made by Vice-President Willey, Rev. Dr. Eells, Hon. George Barstow, Drs. Ayers and Gibbons, Rev. Mr. Bissel and others, and all had a good time. The reservoir holds 30,000 gallons of water brought from nine springs, while several others can be brought in when needed.

BROTHERLY LOVE.—The amonnt subscribed by sixty-nine Lodges of I. O. O. F., under the jurisdiction of California, for the relief of their brethren in the Southern States, is reported at $2,000. At present here are organized in this State 140 lodges, and as every lodge will doubtless contribute according to its means, the sum of the relief contributed by the Order will perhaps double the sum now in hand. Olive Lodge No. 81, of Dutch Flat, gave $100 some few weeks ago.

THE NEW LODGE.—On Friday evening, August 23d, Gold Run Lodge No. 140 of the I. O. O. F., was instituted by C. N. Cox, Grand Master of the Order for this State. A large number of members from surrounding places were present. At 11 o'clock a good supper was served at the Gold Run Hotel. At 2 o'clock A. M. of the 24th the ceremonies closed. The new Lodge starts off under fine auspices.

CLOSE UP!

One week from to-day the great battle will be fought. Let every man who has sympathized with the heroic men who saved this Government, rally once more with the hosts of Freedom, and strike another powerful blow for "God and the right." Our soldiers fought for justice, and until it is established we have won no permanent victory. To swerve from allegiance to the good cause now, will be as disastrous as at any time since the war began. We promised the enemies of our country that they should never with our consent take possession of this Government. They have not changed. They are as much the enemies of all good to-day as ever. If they are allowed to take any commanding position, to get any important office, they are full of cunning, and know how to make the most of every opportunity. Let Haight be made Governor of California, and he can make his patronage worth ten thousand votes next year in the Presidential election. One State lost to virtue, and won for conservative, unjust, prejudiced, tyrannical Democracy, may turn the scale next year, and turn back the pointer on the dial of progress for years, may drive us back to fight over again the whole battle for freedom and progress in this broad land. The independent press, for selfish reasons, has been doing its best to make us believe that a Democratic victory will signify nothing in the great work of reconstruction. It requires but a thimblefull of brains to see the fallacy and falsehood of the assertion. How was it with Connecticut? Was not that claimed as as a Democratic victory, though only the Governor was elected? Was not reconstruction put back and the hope of A. J. and all the rebels revived? Was it not proclaimed with brazen voice over the world, that the long promised reaction had at last begun, and that now the cowed heads of tyrants and sneaks could once more be raised up? Let no man be deceived, if Haight alone could be elected of all the rebel ticket, it might decide the fate of the State and nation for years. But there is little danger. Very few Union men will yield to the folly of deserting and ruining a party to do it good, or of transfering power from a better to a worse party for any reason. It is an exceedingly cheering fact that so few have been lead astray by the sophistry of those in whom they have hitherto placed such implicit confidence. All that is now needed, is, quiet work with individuals to keep the Union column whole and compact as we meet the adversary for the final encounter. Remember the great stake is the highest good of man.

A CONTRAST.—The *Alta* of August 26th says: When George C. Gorham, the Union nominee for Governor, having completed his canvass of the northern counties, was about to return to the city of his adoption and love, many thousands of his fellow-citizens with banners, patriotic emblems, and flaming torches, welcomed his return. On Friday night the Sacramento boat arrived shortly after twelve o'clock A. M. Among the passengers who debarked was one who carried a small carpet bag in his hand, who appeared sad, wayworn and dispirited, and who was no other than H. H. Haight, the Democratic nominee for Governor.

Not a shout was heard,
Nor a joyous note
As o'er the long wharf he hurried.

And he was soon lost to sight in the midnight darkness.

BENEVOLENT HAWES!—The San Mateo *Gazette* has no confidence in Horace Hawes' charity. It charges him with covering his proposals with so many impossible conditions that they can never realize any good. It says he offered to give $10,000 for a university in San Mateo, provided ten men could be found who would give a like amount, knowing very well that he was perfectly safe in making the offer. It thinks his offer, of $50,000 for a Labor Exchange in San Francisco, provided a like amount can be raised in ten days, is a mere electioneering dodge.

A CEMETERY ON FIRE.—The fire on the 2d inst., at the graveyard in Sonora, says the *Herald*, proved much more serious than was expected. It originated from the habits of the Chinese, who have a cemetery within the enclosure set apart for their use, and according to their customs, every year they burn incense on the graves of their friends. The fire accidentally catching the dried grass surrounding, soon enveloped the place in flames, and for a time defied all attempts to beat it out. A large portion of the fence was destroyed, and over a hundred of the small picket enclosures around the different graves. The damages will amount, it is estimated, to at least $1,800.

CONTRADICTORY.—Gen. Grant's friends assert that his letters to the President, protesting against the removal of Stanton and Sheridan, are radical and decided. On the other hand, the friends of the President assert that Grant makes merely informal objections to these removals.

GONE EAST.—Mr. S. S. Bailey, of the firm of Strong & Bailey, has taken his departure for a visit of a few months among his relatives and friends in the Eastern States. May all joys attend him, and may we soon see his face again in peace.

THE CAUSE.—The San Jose *Mercury* says that the Emancipation Proclamation of Abraham Lincoln, which struck the shackles from five slaves belonging to the mother-in-law of H. H. Haight, is what caused that patriot (?) to turn tail on the Union party, and go over body and soul to the Copperheads It must be extremely disgusting for a regular "Constitutional Democrat" to walk up to the polls and deposit a ballot for such a renegade.

CABINET CHANGES.—Late dispatches say that the President is understood to have remarked that he would accept the resignations of McCulloch, Welles and Randall, as he "wants to make a new deal, and have fresh cards for the remainder of his term." Semi-official advices are to the effect that Adams, Governor Andrew, and Senators Sherman and Fessenden are all mentioned in connection with the Cabinet appointments.

COLONIZING.—The Sutter *Sentinel* charges Brown and Wilcoxon, two Democratic office-seekers, with importing 64 votes from Colusa county into Sutter. One of the men let the cat out of the bag to the Editor of the *Sentinel*, supposing he was in the *Banner* office, and on finding out his mistake, offered him a bag of sweet-potatoes to keep quiet.

A DISPATCH from Bucharest of July 19th, says: The conduct of the Turkish commander in throwing six Israelites into the Danube has aroused so strong a feeling here that the Roumanian Government has abandoned the idea of sending away any more Turkish vagabonds.

AN OLD SOLDIER.—The Newport *News* says that Ordnance Sergeant Morrison has just re-inlisted in the United States Regular Army. He has been a soldier sixty-seven years, and for fifty years he has been connected with the American service. Sergeant Morrison is now eighty-two years of age, and has charge of Fort Wolcott.

A CARD FROM THE
AMERICAN WATCH COMPANY,
Of Waltham, Mass.

This Company beg leave to inform the public that they commenced operations in 1850, and their factory now covers four acres of ground, and has cost more than a million dollars, and employs over 700 operatives. They produce 75,000 Watches a year, and make and sell not less than one-half of all the watches sold in the United States.

The difference between their manufacture and the European, is briefly this; European are made almost entirely by hand, and the result is of necessity a lack of that uniformity, which is indispensable to correct time-keeping. Both the eye and the hand of the most skillful operative must vary. But it is a fact that, except watches of the higher grades, are the product of the cheapest labor of Switzerland and the result is the worthless Ancres, Lepines and so-called Patent Levers—which soon cost more in attempted repairs, than their original cost. Common workmen, boys and women, buy the rough separate parts of these watches from various factories, polish and put them together, and take to the nearest watch merchant, who stamps and engraves them with any name or brand that may be ordered.

How American Watches are made.

The American Waltham Watch is made by no such uncertain process—and by no such incompe- workmen. All the Company's operations from the reception of the raw materials to the completion of the watch, are carried on under one roof, and under one skillful and competent direction. But the great distinguishing feature of their watches, is the fact that their several parts are all made by the finest, the most perfect and delicate machinery ever brought to the aid of human industry. Every one of the more than a hundred parts of every watch is made by a machine—that infallibly reproduces every succeeding part with the most unvarying accuracy. If was only necessary to make one perfect watch of any particular style and then to adjust the hundred machines necessary to reproduce every part of that watch, and it follows that succeeding watches must be like it.

The Company respectfully submit their watches *on their merits* only. They claim to make

A Better Article for the Money

by their improved mechanical processes than can be made under the old fashioned handicraft system. They manufacture watches of every grade, from a good, low-priced and substantial article, in solid silver hunting cases, to the finest chronometer; and also ladies' watches in plain gold or the finest enameled and jeweled cases; but the indispensable requisite of all their watches is that they shall be GOOD TIMEKEEPERS. It should be remembered that, except their single lowest grade named the "Home Watch Company, Boston," ALL Watches made by them

ARE FULLY WARRANTED

by a special certificate, and this warrantee is good at all times against the Company or its agents.

Perry Davis' Vegetable Pain Killer, after a thorough trial, by innumerable living witnesses, has proved itself THE MEDICINE OF THE AGE. Although there has been many medicinal preparations brought before the public since the first introdnction of Perry Davis' Vegetable Pain Killer, and large amounts expended in their introduction, the Pain Killer has continued to steadily advance in the estimation of the world as the best Family Medicine ever introduced. It is an internal and external remedy. One positive proof of its efficacy is, that the sales have constantly increased and wholly upon its own merits. The effect of the Pain Killer upon the patient, when taken internally in cases of Cold, Cough, Bowel Complaints, Cholera, Dysentery, and other affections of the system, has been truly wonderful, and has won for it a name among medical preparations that can never be forgotten. Its success in removing pain, as an external remedy, in cases of Burns, Bruises, Sores, Sprains, Cuts, Sting of Insects, and other causes of suffering, has secured for it such a host of testimony, as an almost infallible remedy, that it will be handed down to posterity as one of the greatest medical discoveries of the nineteenth century.

SEMI-WEEKLY ENQUIRER.

THE STRONGEST MAN IN THE WORLD.—A native of Australia, Mr. J. E. Evans, recently gave an exhibition of remarkable strength, at the Spa Hotel in Chesterfield, England, to establish his claim as the strongest man in the world. He held a fifty-six pound weight in various positions, at arm's length, and increased the number until he raised four fifty-six pound weights above his head, holding them at arm's length, and at the same time standing upon four tumbler glasses. He also held the weights on the top of the glass, and allowed a glass of water to be placed on the top of the weights. He laid flat upon the floor, and let a fifty-six pound weight fall a distance of about a yard on to his bare chest, and the weight rebounded as though it had come in contact with a piece of india-rubber. A piece of stone, four inches thick, was next placed upon his chest, and Mr. Hinch, blacksmith, smashed it with two blows into fragments. Mr. Hinch and Mr. Turner then cut a two-inch iron in two across his chest with the hammer and chisel. The feats concluded by Professor Hercules lying flat upon the floor, and allowing Mr. Hinch to strike him, with all his strength, with a sixteen pound sledge-hammer. The blow was met by the Professor, and the hammer rebounded without leaving a scratch upon his body.

SAD ACCIDENT.—The Oroville *Record* of August 24th says:

A little son of J. D. Givens, who resides near Moorestown, in this city, aged six or seven years, was thrown from a jack on the 19th inst., causing the displacement of the humerus or the upper part of the arm. So terrible was the fall that the bone protruded through the flesh and heavy clothing, and penetrated into the earth. The displacement was reduced by Dr. Vance, but great fears are entertained that the arm will yet have to be amputated. The accident occurred at about sundown, and it was not until sunrise the following morning that medical aid could be procured.

A GOOD RECORD.—Henry H. Haight voted for James G. Birney, Abolition candidate for President in 1844; H. H. Haight was a Know Nothing in 1856; H. H. Haight voted for Abraham Lincoln in 1860; H. H. Haight voted for George B. McClellan in 1865; H. H. Haight is now a good Democrat and a candidate for Governor. He has belonged to all parties, and therefore may expect votes from all—the old line Abolitionists because he voted for Birney; the Irishman because of his love for foreigners, as proven by his affiliation with the Know Nothings; Republicans because he voted for Lincoln; Soreheads because he deserted the Union party, and Democrats because he is their candidate.—*Woodland News.*

OUTRAGEOUS.—The *Ledger* says that a Democratic mass meeting was broken up in Amador county in a very outrageous way. An abolitionist asked the crowd off to drink, and all went, including the speaker. That put a stop to the meeting.

ARTIFICIAL pine apples find a large sale in Paris. They are made of turnips saturated with a syrup that invests them with the exact flavor of pine apples. Most of the jellies, of whatever name, are apples flavored to similate strawberries, pine apples, &c.

ABESTOS is found to make a superior base for the plates of artificial teeth. It is light, and is not affected by the acid secretions of the mouth. It is far preferable to rubber. It is prepared in the form of a paste, combined with other materials, and it adheres firmly to gold and aluminum plates.

IT is said that a volcano has been discovered in the Cedar mountains of Colorado. A volume of steam about three feet in diameter issues from the center.

DEATH OF JOHN GREGG.—This gentleman, who was the baritone vocalist of the Bianchi opera troupe, is reported to have died at Portland, Oregon, last week.

RESOLUTIONS

Adopted by the Union County Convention which met at Auburn, Placer county, on the 10th and 11th June, 1867:

Resolved, That it is the duty of the loyal men in the United States, through their representatives in Congress, to take under their control the government of the late rebel States, until such time as a sufficient number of the friends of the Union can be found therein to organize governments; and that then the future control of said States should be left in the hands of their loyal citizens to the exclusion of the leaders of the late rebellion and of those who voluntarily gave them aid in the field.

Resolved, That we approve of the late Act of Congress for the reconstruction of the rebel States, and earnestly hope that at the coming session the large landed estates of the gentry who gave their personal influence and donated their means to destroy the Government, will be confiscated and divided up into small tracts and donated as homesteads to the soldiers who fought our battles, saved the Union and preserved our freedom.

Resolved, That the vital issue between the Union and Democratic parties is, that of loyalty to the constitutional Government of the United States as opposed to disloyalty thereto; that the loyalty of the Union party has been abundantly manifested in the constant support of the Government in all its branches, while the disloyalty of the present Democratic party is as clearly manifest in the aid and comfort which during the late war it continually afforded to the public enemy, and in the sympathy which it still extends in favor of every movement tending to paralyze the efforts of Congress toward the healthy reconstruction of the Federal Union.

Resolved, That the Union party of the United States is the only party in favor of the Union, the Constitution and the laws, and that the pretensions set forth by the Democratic party in this regard are false and hollow, unfounded in fact, and disproved by history.

Resolved, That the mission of the Union party is not and can never be accomplished until the opposing party thereto be entirely purged of its disloyal elements and eschewing its present heresies, shall in good faith determine to accept the great results of the late war, and thenceforth to take issue only upon questions upon which adverse opinions may be holden or put in practice without jeopardizing the continuance of republican government upon this continent. Until then it is our imperative duty to stand by our colors in the full knowledge that with us is union and liberty—against us only disunion and disgrace.

Resolved, That in the present condition of our State finances, we are opposed to any donation in money or bonds or any loan of the credit of the State to railroads or other corporations, and that our candidates for Senator and Representatives if elected, are hereby instructed to oppose by their votes and personal influence the enactment of any laws having any such object in view.

ESSENCE OF JAMAICA GINGER.

THIS valuable preparation, containing in a highly concentrated form all the properties of the Jamaica Ginger, has become one of the most popular domestic remedies for all diseases of the stomach and digestive organs.

As a tonic it will be found invaluable to persons recovering from debility, whether produced by fever or otherwise, for whilst it imparts to the system all the glow and vigor that can be produced by wine or brandy, it is entirely free from the reactionary effects that follow the use of spirits of any kind.

It is also an excellent remedy for females who suffer from difficult menstruation, giving almost immediate relief to the spasms that so frequently accompany that period.

It gives immediate relief to Nausea, caused by the riding in a railroad car, or by sea-sickness, or other causes. It is also valuable as an external application for Gout, Rheumatism, Neuralgia, etc.

THIS CELEBRATED INSTITUTE

has enjoyed on this coast an uninterrupted success of fourteen years, and has become one of the renowned Hospitals of the age. What the celebrated Lock Hospital is to London, and the no less renowned establishment of Ricord is to Paris, this Institute has become to the Pacific coast. The thousands annually received and cured place it in point of number of patients among the very first of the world and the success of its treatment ranks it second to none.

PRIVATE DISEASES IN MALES and IRREGULARITIES IN FEMALES are the great destroyers of health. They insidiously attack the system and gradually undermine and destroy it; they drive the bloom from the cheek, the lustre from the eye, the strength from the frame; they give to the world puny and diseased offspring, and poison, through successive generations the race of man. The marks can be seen in Scrofula, Consumption, Cripples, the Idiotic, the Paralytic, the Insane, etc.

There is no more terrible scourge to the human race than those diseases arising from the contamination of Venerial Poison. The mildest forms, by retreating to the blood, hold over the afflicted one, the destruction that is liable at any moment to fall and blight—to utterly destroy—all earthly hopes.

MERCURY, recognized as the most fatal medical enemy to man, combining with the Venereal, doubles its dangers. Those who have been treated with that pernicious mineral poison are not cured; the disease has only assumed a new form.

Do not be satisfied with partial cures

that leave the poison to crawl through the system, eating its way into the tissues and organs beneath the apparently smooth surface, to burst out in the future with a virulence that will baffle the effects of medicine. WHEN PERFECT CURES can be obtained by consulting a physician whom long practice and thorough investigation into the causes of DISEASES of the URINARY ORGANS enables to determine at once the nature of the disease.

In all cases entrusted to the Doctor's care, PERFECT, SPEEDY and PERMANENT,

Cures are Always Guaranteed.

In syphilis and its adjuncts; Gonnorrhœa and its accompanying diseases; and all diseases of the Bladder, Kidneys, and prostrate; Seminal Weakness Diseases of the Heart and Lungs; Dyspepsia; Indigestion, Impotency; Incipient consumption, and all diseases of the urinary organs, in either sex, cure always warranted, NO PAY REQUIRED, at the

Private Medical Institute,

No. 536 Washington street, San Francisco, Cal.

Seminal Weakness or Spermatorrhœa.

The young man who experiences that growing weakness in his muscular and menta organization should stop to consider whence it arises. He will find in the weakness of the back, trembling of the limbs, disordered digestion unaccountable falling of the powers of the mind, distaste for society, dread of impending trouble, forebodings of evil, sleeplessness, troubled and lascivious dreams, accompanied by growing deafness, loss of muscular power, and numerous other symptons of disorganization, the positive traces of that most terrible and destructive of all diseases Semiual Weakness—wasting away his powers, destroying his hope of life and manhood, and dragging him along the broken path of his existence towards a premature and loathsome grave. To him who finds his life dribbling out in the discharge of the vital principle of existence in nocturnal and diurnal emissions, the mere cessation of its appearance brings no assurance of relief.

Marriage, that holy office, the safeguard and hope of manhood, brings to such an one no hope of cure, but adds to his misery in the knowledge that he one, who looks to him for so much of her happiness, is a victim to his evil, and an innocent companion of his punishment. He adds to his misery and disorder until hope leaves him. There is no rescue except in proper and skillful treatment. Consult then, at once, a physician whom long practice and careful research has made thoroughly conversant with every phase of the disease. Those who have become the victims of solitary vices, that dreadful, fascinating and destructive habit, which fills thousands o sick-rooms with paralytics and consumptives, and hundreds of untimely graves with its misguided victims, should consult, without a moment's delay, one who will sympathize with their sufferings. To such the Doctor would especially address himself, giving to each and all assurance of a PERFECT and PERMANENT CURE, without hindrance to business, change of diet, or fear of exposure.

Do not forget the address. See below.

Important to Females.

When a female is in trouble or afflicted with disease and requires medical or surgical assistance, the enquiry should be, Where is there a physician who is fully competent to administer relief, and whose respectable standing in society recommends him to the confidence of the community? The Doctor understanding how imperatively necessary these requirements are, feels called upon to interpose, and beg the attention of the afflicted to the fact that he has been a Professor of Obstetrics and Female Diseases for twenty years, and is fully qualified to administer in all cases, both medically and surgically, not in a superficial manner, but in as thorough a manner as years of study and practice—both in hospitals and private families—can make, to save them from the hands of the unqualified, unscrupulous and designing. Therefore families can rely upon him as upon a father. All in affliction can find in him one who will feel and sympathize with and befriend them in trouble—one in whose secrecy the utmost confidence can be placed. Consultation by letter or otherwise, FREE. See address below.

THE CELEBRATED FEMALE REMEDIES, compounded from the private prescription of Dr. Young, have now obtained a most extended popularity, and are correctly viewed to be the safest and surest remedies for the complaints for which they are applied. The constantly accruing testimonials of their efficacy declare them to be pre-eminently superior in their action. No lady should be without these Renovating Agents. None genuine unless procured at this office.

MEDICAL.

PRIVATE MEDICAL AID.

QUICK CURES AND MODERATE CHARGES.

DR. W. K. DOHERTY'S
Private Medical and Surgical Institute

Sacramento Street, below Montgomery, opposite the Pacific Mail Steamship Company's Office. Private entrance on Leidesdorff street, San Francisco.

Established expressly to afford the afflicted sound and scientific medical aid in the treatment and cure of all Private and Chronic Diseases, cases of Secrecy and all Sexual Disorders.

TO THE AFFLICTED.

DR. W. K. DOHERTY returns his sincere thanks to his numerous patients for their patronage, and would take this opportunity to remind them that he continues to consult at his Institute for the cure of chronic diseases of the Lungs, Liver, Kidneys, Digestive and Genito-Urinary Organs, and all private diseases, viz: Syphilis in all its forms and stages, Seminal Weakness, and all the horrid consequences of self-abuse, Gonorrhœa, Gleet, Strictures, Nocturnal and Diurnal emissions, Sexual Disability, Diseases of the Back and Loins, Inflammation of the Bladder and Kidneys, etc., etc., and he hopes that his long experience and successful practice will continue to ensure him a share of public prtronage. By the practice of many years in Europe and the United States, he is enabled to apply the most efficient and successful remedies against diseases of all kinds. He uses no mercury, charges moderate, treats his patients in a correct and honorable way, and has references from men of known respectability and high standing in society. All parties consulting him by letter or otherwise, will receive the best and gentlest treatment, and implicit secrecy.

DR. DOHERTY would call attention to the following certificates from two of his patients, who, having fully recovered their health, desire to make known their remedial agent. It will be seen their statements are fully authenticated by a Notary Public.

The welfare of society imperiously demand their publicity and they are given more to warn the unwary than to sound the praise of a Physician, of whom hundreds of like cases can be cited during a practice of more than fifteen years.

DR. DOHERTY—Dear Sir: I feel my health so fully restored, that in common gratitude, I believe I should make you some written acknowledgement for your valuable services—particularly as your fee was small for the work performed.

I arrived in this city from the East about one year ago, and was then suffering from an old case of Gleet, complicated with Stricture. Being a stranger in this city, and believing those Doctors who gave such positive assurances of success were necessarily the best, (some of whom have a large number of titles,) I placed myself in their charge and continued under their treatment until I had lost nearly all hope and a considerable sum of money.

I wish to say now that you are the sixth Doctor I have employed, and the only one that has ever done me any service. My Gleet is wholly cured, the Stricture is all removed, and my general health is better than it has been for years.

In conclusion, I would say to the many unfortunates who require medical advice, if you have any doubt as to whom you may employ, ask Dr. Doherty for my addres and call and see me. (I keep store in this city.) My experience may save you many dollars.

I would also add that in the early stage of my disease I used a large amount of the preparations advertised as an infallible cure for Gonorrhœ, Gleet, etc., but never derived any benefit from them.

I am, Doctor, very truly yours,
L—— H——.

San Francisco, June 16, 1864.
subscibed and sworn to before me, this 21st day of June, A. D. 1864.
[L. S.] A. S. GOULD, Notary Public.

Seminal Weakness—A Sworn-to Certificate of a most Remarkable Cure of Spermatorrhœa.

A desire to benefit humanity, and a feeling of gratitude to Dr. W. K. Doherty, alone induces me to make this statement. For many years I have been afflicted with that fearful disease known as "Spermatorrhœa," or Seminal Weakness, the result of self-abuse, but till 1855 experienced but little trouble or inconvenience. In that year however, I had Seminal Weakness to an alarming extent, which was soon followed by the most alarming symptons as weakness of the back and limbs, pain in the head, dimness of vision, nervousness and general debility. My mind, too, was affected to such an extent as to seriously impair my memory; my ideas were confused and spirits depressed. I was averse to society, had evil forebodings and self-distrust, and was entirely unfitted for any of the duties of life. From 1855 to the summer of 1863, I employed the very best medical talent I could find, and spent several hundred dollars, but in no instance obtained more than temporary relief. I had about concluded there was no relief for me in this world, but seeing Dr. Doherty's advertisement, I thought I would call and see him, as he charged nothing for consultation. I had an interview with Dr. Doherty at his office, in Sacramento street, and his fee for treatment was so reasonable, I determined to try him, though I did not expect much benefit from his treatment. On the 5th of December last I placed myself under his care; in one week I found myself very much improved, and, now, after five weeks' treatment, I feel myself thoroughly cured of all my troubles and in the enjoyment of the best health. Hoping that my experience may be of benefit to others similarly afflicted, I subscribe myself JAMES JOHNSTON.

Subscribed and sworn to before me, this 15th day of January, A. D. 1864.
[L. S.] A. G. RANDALL, Notary Public.

To Females.

When a female is in trouble, or afflicted with diseases as weakness of the back and limbs, pain in the head, dimness of sight, loss of muscular power, palpitation of the heart, irritability, nervousness, extreme urinary difficulties, derangement of digestive functions, general debility, vaginitis, all diseases of the womb, hysteria, sterility, and all other diseases peculiar to females, they should go or write once to the celebrated female doctor, W. K. Doherty, at his Medical Institute, and consult him about their troubles and disease. The Doctor is effecting more cures than any other physician in the State of California. Let no false delicacy prevent you, but apply immediately and save yourself from painful sufferings and premature death. All Married Ladies whose delicate health or other circumstances prevent an increase in their families should write or call at Dr. W. K. Doherty's Medical Institute, and they will receive every possible relief and help. The Doctor's offices are so arranged that he can be consulted without fear of observation.

To Correspondents.

Patients residing in any part of the State, however distant, who may desire the opinion and advice of Dr. Doherty on their respective cases, and who think proper to submit a written statement of such, in preference to holding a personal interview, are respectfully assured that their communications will be held most sacred, Dr. Doherty takes this opportunity of observing, that all letters are only opened and replied to by himself, and the latter as promptly as possible.

If the case be fully and candidly described, personal communication will be superseded, as instructions for diet, regimen, and the general treatment of the case (including the remedies), will be forwarded without delay, and in such a manner as to convey no purport of the letter or parcel so transmitted. ☞ Consultation at the office FREE. Permanent cure guaranteed or no pay. Address,

HOPE FOR THE AFFLICTED.—In another part of this paper will be found the advertisement of the celebrated Institute established by Dr. J. C. YOUNG, in 1850. In this age of deceit and charlatanism it is a boon to the suffering to point out to them where they are sure of obtaining the wished for relief and cure. Under the care of the skillful Doctor the sick and troubled can divest themselves of their burdens of pain; lay aside their cross, and secure health and happiness. If you are sick or in trouble, do not hesitate. Read the advertisement and follow the advice. Do not forget the number or the manner of directing your letters. MEDICAL ADVICE.—DR. WM. K. DOHERTY'S Medical and Surgical Institute is becoming a sine quo non to the welfare of our State and health of our citizens; and his rapidly spreading reputation, although it may excite surprise, is but the signal of skill, and follows as the natural result of such a cause. We are personally acquainted with gentlemen who had suffered for years under chronic disease, and who had taken advantage of every available means that promised relief, but without success, until they called upon Dr. Doherty, who, in an incredibly short space of time, has given them entire relief. It is gratifying to announce this fact, because the Dr. is a gentleman who seeks, not by defamation of others to establish his reputation or ruin of another's fame. The Doctor conducts his own Institute in such a manner must be gratifying to all his patients. He examines, advises, and recommends without charge, and the patient, after hearing his terms for treatment, can accept or reject at pleasure. In no case does the Doctor make a charge unless he effects a cure. This he is able to do, because he feels the confidence which long experience has given, and no doubt the consolation which appertain to that confidence. Persons afflicted with either acute or chronic disease, would do well to consult the Doctor; at all events, it can do no harm, as for consultation he asks no fee; nor does he insist on obedience to his advice unless the patient places himself under his care. His offices are on Sacramento street, opposite the Pacific Mail Steamship office.—NEWS

SPECIAL MEDICAL NOTICE.—DR. CHAS. H. TOZER would most respectfully inform the sick and afflicted that his MEDICAL INSTITUTE is at the same place, corner of Kearny and Jackson streets, San Francisco, where he has been established for many years, for the cure of special complaints. Having relinquished my old modes of advertising, which has become so common with all the Quack Doctors of San Francisco, filling up the newspapers with false references, for the purpose of imposing upon strangers. I think it is only necessary to inform those in need of a Physician of long experience and successful practice, that I can be consulted at all business hours, at my Medical Institute, corner of Kearny and Jackson streets, San Francisco.

Ladies suffering from the Whites, Piles, Weakness of the Back, Pain in the Side, Headache, Palpitation of the Heart, Derangement of their Monthly Sickness, and all other diseases that the Female System is subject to, will find prompt relief by applying to DR. TOZER.

My Female Monthly Pills were never known to fail in giving relief in those cases for which they are recommended. To be obtained only at my office. Price $5 00 with full directions on each Box. Sent by mail or express.

MEDICAL.

FRENCH MEDICAL OFFICE.

DR. JULIEN PERRAULT, Doctor of Medicine of the Faculty of Paris, Graduate of the University Queen's College, and Physician of the St. John Baptiste Society of San Francisco.

DR. PERRAULT has pleasure to inform patients, and others seeking confidential medical advice, that he can be consulted daily at his office, Armory Hall Building, North-East corner Montgomery and Sacramento streets, San Francisco. Rooms No. 9, 10, 11, first floor, up stairs entrance either Montgomery or Sacramento streets.

DR. PERRAULT'S studies have been almost exclusively devoted to the cure of the various forms of Nervous and Physical Debility, the results of injurious habits acquired in youth, which usually terminate in impotence and sterility, and permanently induce all the concomitants of old age. Where a secret infirmity exists involving the happiness of a life and that of others, reason and morality dictate the necessity of its removal, for it is a fact that premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, etc., have their sources in causes, the germ of which is planted in early life, and the bitter fruit tasted long afterward; patients, laboring under this complaint, will complain of one or more of the following symptons: Nocturnal Emissions, Pains in the Back and Head, Weakness of Memory and Sight, Discharge from the Uretha on going to stool or making water, the Intellectual Faculties are Weakened, Loss of Memory ensues, Ideas are clouded and there is a disinclination to attend to business, or even to reading, writign or the society of friends, etc, The patient will probably complain of Dizziness, Vertigo, and that Sight and Hearing are Weakened and sleep disturbed by dreams, melancholy, sighing, palpitations, faintings, coughs and slow fever; while some have external rheumatic pain, and numbness of the body. Some of the most common symptons are pimples in the face and aching in different parts of the body. Patients suffering from this disease, should apply immediately to Dr. PERRAULT, either in person or by letter as he will guarantee a cure of Seminal Emissions and Impotence in six to eight weeks.

Patients suffering from venereal diseases in any stage Gonorrhea, Gleet, Strictures, Bubo Ulcers, Cutaneous Eruptions, etc., will be treated success fully. All Syphilitic and Mercurial Taints entirely removed from the system.

DR. PERRAULT'S diplomas are in his office, where patients can see for themselves that they are under the care of a regularly educated practitioner. The best references given if required.

Patients suffering under chronic diseases, can call and examine for themselves. We invite investigation; claim not to know everything, nor to cure everybody, but we do claim that in all cases taken under treatment we fulfil our promises. We particularly request those who have tried this boasted doctor, and that advertised physician, till worn out and discouraged, to call upon us.

Low charges and quick cures.

Ladies suffering from any complaint incidental to their sex, can consult the doctor, with the assurance of relief.

Female Monthly Pills.

DR. PERRAULT IS the only agent in California for DR. BIOT'S Female Monthly Pills. Their immense sale has established their reputation as a female remedy, unapproached, and far in advance of every other remedy for suppressions and irregularities, and other obstructions in females. On the receipt of five dollars, these Pills will be sent by mail or express to any part of the world, secure from curiosity or damage.

Persons at a distance can be cured at home, by addressing a letter to Dr. PERRAULT, corner of Sacramento and Montgomery streets, Rooms, 10 and 11, or Box 973, P. O., San Francisco, stating the case as minutely as possible, general habits of living, occupation, etc., etc.

All communications confidential. je 22-1y

MEDICAL

DR. CHAS. H. TOZER'S
PRIVATE MEDICAL INSTITUTE

N. E. Corner of Kearny and Jackson Streets,
SAN FRANCISCO.

The Great Eradicator of Special complaints, formerly of Locke Hospital, London, Eight Years in Sacramento, and the last Four Years in San Francisco.

DR. TOZER'S

Experience is of forty year's standing, and during that time he has met with unparalleled success in the treatment of all those diseases generally known as Venereal or Chronic.

It is impossible here to mention all the diseases with which he is familiar; some, perhaps, will not be out of place. The most formidable, the most destructive to mankind is Self-Abuse. The brain being the seat of the disease, the whole system suffers in consequence. I will here enumerate some of the symptoms, so that those afflicted may be able to form an opinion in regard to their complaints and seek advice in time, thereby saving themselves a world of suffering: Nervous Debility, Loss of Memory, Pain in the Limbs and Back, Palpitation of the Heart, Trembling of the limbs, Headache and an aversion to general society, especially that of females. There are a great many more, but these are sufficient, and should you be suffering from any of them, call on Dr TOZER, and he will cure you in a short time, without any interruption to your business—or state your case by letter, and there will be no occasion for your calling at the office.

Stricture of the Urethra

Is another formidable enemy to health. Send for one of my circulars on that disease, and inform yourself of its terrible results. The worst cases cured in a few days.

Venereal Diseases,

In all their various forms, either Primary, Secondary or Hereditary, completely eradicated from the system. Your constitution being restored to perfect health, there will be no danger of handing down to your children that terrible disease known as Scrofula.

Syphilitic Disease,

As it presents itself on this coast, is of a more formidable character than that seen in the Atlantic States or Europe, arising from the fact of its being a compound of Spanish, Chinese and Sandwich Island disease. Those of you who have visited the two countries no doubt have seen the dreadful effects of it on the native and foreign population. It requires altogether different modes of treatment.

The Old Formulas

Of Ricord, Acton and Bostwick, are of little account, except to dry up the disease on the surface, leaving the poison in the blood, which, sooner or later, will show itself as a secondary disease in an aggravated form. These facts I have learned by experience, and think I can say without boasting, that I have seen more practice in these diseases than any other physician in San Francisco, dating, as it does, from 1849. It becomes you, therefore, to think well before you employ a physician. Who is the proper one to consult? An old experienced one, or one who has recently settled among you?

My plan is purely vegetable, destroying the disease and purifying the blood so that there is no danger of secondary symptoms.

Rheumatism, Neuralgia,

And diseases arising from the use of Mercury, such as pains in the skin bones, swellings of the different joints of the body, running sores, etc., and impurities of the blood, cured in a short time by the use of my VEGETABLE MIXTURES, known only to myself.

Seminal Weakness.

Should you be afflicted with any of the following symptoms, such as weakness of the Back and Limbs Pain in the Head, Dimness of Vision, Nervousness and General Debility, Loss of Memory, Confusion of Ideas, and Depression of Spirits, Evil Forebodings, Self-distrust, and an aversion to society, consult DR. TOZER at once, and he will restore you to perfect health.

To Females.

When you are afflicted with Weakness of the Back and Limbs, Head, Loss of Muscular Power, Palpitation of the Heart, Irritability, Nervousness, Extreme Urinary Difficulties, Derangement of the Monthly Sickness, Sterility, and other diseases peculiar to females, consult DR. TOZER, and you will receive particular attention. Let no false delicacy prevent you, but apply at once, and save yourself from painful suffering and premature death.

My rooms are so arranged that there is no danger of exposure, and of meeting any one save the Doctor

My FEMALE MONTHLY PILLS were never known to fail in giving relief in those cases for which they are recommended. To be obtained only at my office.

TOZER, can, by submitting a written statement of their case to the Doctor, receive all the attention and medicines necessary to affect a cure without the necessity of a personal interview.

A Grateful Acknowledgement to Skillful Gentlemen.

SAN FRANCISCO, June 1, 1866.

Dr. Chas. H. Tozer:—Dear Sir: You will excuse me for not writing to you sooner. You will please remember me as the individual who called on you for assistance about a year ago. The roof of my mouth had completely rotted out, and my palate dropped and there remained, stopping up the passage so that I could hardly eat. You remember you cut it out at once, which relieved me immediately, and I was enabled to swallow my food, and in a short time began to improve. I took your medicine, and followed your directions for several months. You finally succeeded in stopping the disease, saving my nose and upper lip, though you frequently cautioned me about losing it. I continued to improve until you finally recommended me to go into the country, and before going, by your advice, I had a cast taken of my mouth, in order that I could have a plate made for me to enable me to speak so as to be understood, and am now using it. My eternal thanks are due to you for the perseverance and skill that you displayed in my case; and I have to thank you for my restored health, and even my life, as I was very near bleeding to death several times from the nose. I am now in Sacramento City, enjoying good health, and I shall recommend all my friends to call on you should they be so unfortunate as to require assistance; and I would advise all persons to avoid certain scientific doctors in your city, for they will send them to a land from whence no traveler returns.

With my best wishes for the success of both of you, I remain, yours, etc., S. S. T.
